2 Overview

The Provider Secure Communication (PSC) Website Reference Guide is a provider-facing document which includes general system navigation and current PSC functionality. General system navigation includes registration, PSC password resets, and using PSC menus, pages, and buttons. Current PSC functionality includes viewing secure messages from the Puerto Rico Medicaid Program (PRMP), linking multiple Service Locations to your PSC account, uploading post-enrollment documentation to PSC, updating demographic data associated to linked Service Locations, and adding delegates to manage communications in PSC.

**NOTE:** Registration and use of the PSC Website is distinct from registration and use of the Provider Enrollment Portal (PEP). You must have a completed and approved PEP enrollment application before registering for PSC.

Providers in Puerto Rico use PEP to enroll or revalidate Medicaid participation with PRMP. The PSC Website is designed to enhance ongoing communications between providers and PRMP beyond the enrollment or revalidation process.

This document is intended to be used as a stand-alone reference resource but may be used in conjunction with future training sessions as functionality is added to the PSC.

This document, along with other provider-facing training documents, is available in the Puerto Rico Medicaid Program (PRMP) Learning Management System (LMS). You can find it by accessing the Provider Enrollment Portal course from the following link: [https://lms.prmmis.pr.gov/](https://lms.prmmis.pr.gov/).

After reading the Provider Secure Communication (PSC) Website Reference Guide, providers should be able to complete these learning objectives in the PSC:

- Register for PSC
- Navigate PSC
- View Secure Messages
- Link Service Locations in PSC Account
- Manage PSC Password
- Update PSC Account Settings
- Update Demographic Information
- Add Delegates to PSC
- Upload documentation to PSC

**Note:** This training material contains fictitious information and does not contain protected health information (PHI) or personally identifiable information (PII) data.
2.1 Register for PSC

When accessing the **Provider Secure Communications (PSC) Website** for the first time, you must first register to create a new account. This allows you to create credentials that you will use to log into PSC in the future.

**Detailed Steps**

1. Open a supported internet browser from the list below and type in the URL for PSC or click **PSC** from your supported internet browser’s favorite’s shortcut, if you have bookmarked it.

   Supported internet browsers include:

   - Microsoft Internet Explorer (version 7.0 and later)
   - Google Chrome (version 70.0.3538 and later)
   - Microsoft Edge (version 41.16299.15 and later)
   - Mozilla Firefox (version 2.0 and later)

   To open the **PSC Registration** page, click **Register** in the upper-right corner of the page.

   ![Welcome to PSC](image-url)
2. The **Registration** page displays. Complete all required fields.

   **NOTE:** You will only need to register for the PSC once. However, if you have additional Service Locations that are not associated to the ATN that you register with, then you will need to link those Service Locations within your account after registering.

   *If you complete another application for a different Enrollment Type, but use the same Service Location, no additional PSC registration steps are needed.*

- Enter your Application Tracking Number (ATN) which was generated when you completed your enrollment application in PEP. Check the email that you used to create your enrollment application to find your ATN. The ATN is included in your PEP registration email and password reset email(s). If you cannot locate your ATN, contact PRMP to look it up.

- Enter your National Provider Identifier (NPI) or Tax Identification (ID).

- Enter your email that will be used to reset your password to PSC.

- Enter the password fields and confirm that you are not a robot.
NOTE: Please make sure that you are registering under the Provider tab.

The Delegate tab is for assigned delegates that will carry out PSC tasks on behalf of a provider to register in PSC. See the Assign Delegates in PSC section of this guide for more details on assigning delegates.

3. Click Register to submit your request.

NOTE: If you have already registered for PSC and attempt to register again, you will receive an error message.

If you do not remember your password created during registration, reset your PSC password by clicking the Forgot Your Password? link on the Log in page. Your PSC password is NOT linked to your PEP enrollment password.
4. A new page displays, indicating that you must confirm your email address to complete your registration.

Access the email that you used for your PSC registration and follow the steps in the email to verify your email address.

2.2 Log in to PSC

Detailed Steps

1. To log into PSC as a returning user, click Login at the top of the PSC Home Page.
2. The **Log in** page displays. Enter the email and password that you registered with in the respective fields and click **Log in**.

![Log in page](image)

3. A verification link is sent to your registered email address. Click on the link to finish logging in.

![Email confirmation before login](image)

**NOTE:** If you check the “**Remember me**” box, you will not be asked to use a verification link to log into PSC for the next 30 days.

![Remember me](image)

If you do this, you will only be prompted for the verification link the first time that you log into PSC and after the 30-day period is over.
Your PSC Home Page displays.

2. Click **Password** on the left.

3. The **Change Password** fields display. Complete the fields and click **Update Password**.

   **NOTE:** If you have forgotten your password, use the **Forgot Your Password?** link on the **Login** page.
2.4 View Secure Messages

PRMP can send secure messages and letters to providers through the PSC. Most notably, your Welcome Letter for your approved Medicaid enrollment application will be your first secure message.

Detailed Steps

1. From your PSC Home Page, click Messages at the top of the page.

![PSC Home Page with Messages highlighted](image)

Welcome

The Provider Secure Communications (PSC) website allows for viewing secure encrypted messages.

Puerto Rico Medicaid Program Learning Management System (PRMP-LMS) instructions are available to download here.

To add an additional Application Tracking Number (ATN) to your Provider Secure Communications (PSC) registration, please select your email address in the top right corner, then select Service Location to add/associate a new ATN.

NOTE: If you need to see messages for a Service Location that you removed from your PSC account, you can add the Service Location again. You will need the ATN of the enrollment application associated with the Service Location to link the location to your PSC account.
To view a message in its entirety, click **Details** next to the desired message.

After reading the message details, click **Back to List** to return to the list of all messages.

**NOTE:** If a secure message is a Welcome Letter, the letter displays in a new window as a PDF document when you click **Details**.
3. To remove messages, click **Delete** next to the message that you no longer want to view from your **Messages** page.

   **NOTE:** Once a secure message is deleted, it cannot be recovered. All message deletions are permanent.

2.5 **Link Service Locations in PSC Account**

All Service Locations associated with the ATN used for PSC registration will be automatically linked to your account. If the ATN that you used to register had multiple Service Locations associated to it, all locations will be added automatically to your PSC account.

Other Service Locations that are not associated with the registered ATN (such as new locations disclosed in later enrollment applications) must be added individually to your PSC account in order to manage functionality and receive communications related to these additional locations.

Follow these steps to add more Service Locations to your PSC account. Please note that you will need to complete these steps once for each Service Location associated with your Medicaid enrollment.

   **NOTE:** If you registered for PSC with an ATN from an **Individual Within a Group** provider enrollment, then the Contact Address entered on the enrollment application is used as the Service Location in PSC.

   If you later complete an application for enrollment as an **Individual** provider, then the Service Location listed on the Individual application will overwrite the Contact Address from the **Individual Within a Group** application.

<td>Click <strong>Service Locations</strong> on the left.</td>
<td><strong>Service Locations</strong> account settings display.</td>
</tr>
</tbody>
</table>
**Detailed Steps**

1. From the **PSC Home Page**, click your email address in the upper-right of the page.

2. Click **Service Location** on the left. Your **Service Locations** account settings display.

3. Manage the Service Locations associated to your account.

   **NOTE**: Adding and removing Service Locations will impact which secure communication messages are accessible.
a. To add a Service Location, complete the fields displayed under **Service Locations** (ATN, NPI and Tax ID) and click **Save**. Secure communications for the added Service Location will be accessible from **Messages**.

b. To remove a Service Location, click **Delete** next to the desired location. Secure communications for the removed Service Location will no longer be accessible from **Messages**. If you need to access the communications again, you will need to add the Service Location again to your account.
2.6 Upload Documentation to PSC

Providers may receive messages through PSC regarding documentation that they must submit or actions that they must take to update current documentation.

Providers can upload and download provider forms through the PSC Website to be processed by PRMP.

Quick Reference – Upload Documentation to PSC

Table 7 – Upload Documentation to PSC

<td>Document is uploaded and displayed in the Upload page.</td>
</tr>
<tr>
<td>3</td>
<td>Download a personal copy of a document.</td>
<td>Click Download.</td>
<td>Document is downloaded.</td>
</tr>
</tbody>
</table>

Detailed Steps

1. From the PSC Home Page, click Upload at the top of the page.

   - The Upload page displays. All provider forms that had been previously uploaded will display in this page.
To upload a new document to PSC, click **Create New**.

![Create New](image)

The **Create Upload** page displays. Complete all displayed fields and select the desired file for upload.

![Create Upload](image)

Available form types for uploads in PSC include:

- Change of Address
- PRDoH Controlled Substance Certificate (ASSMCA)
- CLIA Certificate
- DEA Certificate
- Negative Certificate of Penal Record
- Insurance Policy
- License
- Surety Bond
- Specialty Certificate
- Other
Once all fields are completed and the file is chosen, click **Create** to upload the selected file.

The uploaded document is now displayed in the **Upload** page, showing the Service Location, form type, and upload date of the form.

3. To download a personal copy of an uploaded form, click **Download** next to the desired form.
2.7 Update PSC Profile

**NOTE:** Changes to your PSC profile are **NOT** shared with PRMP.

<td>Updates are saved.</td>
</tr>
</tbody>
</table>

Detailed Steps

1. From the **PSC Home Page**, click your email address in the upper-right of the page.

2. If **Profile** is not already selected, click the **Profile** option on the left. Your current settings display.
3. Update your details and click **Save**. Updating your email address only impacts your PSC account. Be sure to contact PRMP directly to update your contact details.

**NOTE:** Currently, you can only update the email address registered in your profile.

### 2.8 Update PSC Demographic Data

Providers, in addition to updating information in their PSC account, can update demographic data associated to their Service Locations through the PSC Demographics option.

#### Quick Reference – Update PSC Demographic Data

<td>Edit Demographic data.</td>
<td>Click <strong>Edit</strong>. Update the desired fields, check the “I have verified above information is accurate” box, and click <strong>Save</strong>.</td>
<td>Demographic data is edited.</td>
</tr>
</tbody>
</table>
Detailed Steps

1. From the **PSC Home Page**, click **Demographics** at the top of the page.

   ![PSC Home Page](image)

   To add an additional Application Tracking Number (ATN) to your Provider Secure Communications (PSC) registration, please select your email address in the top right corner, then select Service Location to add/associate a new ATN.

2. The **Demographics** page displays.

   Here you will see all addresses associated with your added Service Locations.

   Types of addresses that may be displayed here include Home or Corporate office address, Mail To/Correspondence address, and Pay To address. These are taken from the Service Location(s) disclosed in the enrollment application that you had previously submitted through the PEP and from any additional Service Locations that you have added through the **PSC Account Management** feature.

   ![Demographics](image)

   To only view addresses associated to a specific Service Location, click the **Service Location** dropdown list in the upper-left corner of the page and select the desired location.
3. To edit information related to an address, click the **Edit** button next to the desired address.

![Demographics](image)

**NOTE:** You cannot add or delete the addresses in the **Demographics** page; you may only edit the available addresses. See the [Link Service Locations section](#) of this guide for more details about adding or deleting a Service Location in your account.

The **Edit Demographics** page displays. Edit any of the available fields.

Note that here you can also edit or add a phone number and/or email address associated with that location address.
Once you have completed your desired edits, check the box next to “I have verified above information is accurate” and click Save.

NOTE: To go back to the Demographics list without saving any changes, click Go Back.

2.9 Assign Delegates in PSC

As a provider, you can assign delegates in the PSC Website to do tasks on your behalf. This includes viewing secure messages, editing demographic information, and uploading documents on your behalf through PSC.

This is commonly done by provider office managers to delegate PSC tasks to office administrators.

All added delegates will have control to carry out the same functions as the main provider in PSC. If there are multiple Service Locations associated to a provider, delegates will be able to view all Service Locations.

NOTE: Adding a delegate gives that person full control to do everything that a provider can do through PSC, except add other delegates. You cannot choose what functions a delegate can and cannot have access to.

<td>Click <strong>Delete</strong>. Confirm removal by clicking <strong>Yes</strong> in confirmation pop-up window.</td>
<td>Delegate is removed and will no longer have control over any PSC functionalities on provider’s behalf.</td>
</tr>
</tbody>
</table>

**Detailed Steps**

1. From the **PSC Home Page**, click **Delegates** at the top of the page.

   ![PSC Home Page](image)

2. The **Delegates** page displays. Here you will see the list of delegates that you have assigned.

   ![Delegates Page](image)

   To create a new delegate, click **Create New**.
A new page displays. Complete the displayed fields for your desired delegate and click **Create**.

After creating a delegate, the new delegate now displays in the **Delegates** page.

**NOTE**: Once you create the delegate in PSC, the delegate will receive an email informing them of this assignment and asking them to register in PSC.

3. To edit an assigned delegate’s information, click **Edit** next to the desired delegate’s name.
An Edit page displays, showing the delegate’s current information. Make any desired changes to the fields shown and click Save.

**NOTE:** To go back to the Delegates list without saving any changes, click Go Back.

4. To remove a delegate from the assigned delegates list, click Delete next to the desired delegate’s name.

The delegate is now removed from the list. They will no longer have control of any functions on your behalf through PSC.

If, at a future date, you would like them to carry out PSC tasks on your behalf again, you may re-add them to your Delegates list through the Create New option. Please note that if you decide to re-add a delegate, you must complete all the fields in the Create New page with their information again.
